"Food additives decoded for you"

When it comes to shopping, **YOU** have a choice between products that contain harmful chemicals and products that don't. Some additives are known to cause behavioural problems, learning difficulties, asthma, hyperactivity, stomach aches, irritability, difficulty sleeping, hay fever and the list goes on.

This book 'decodes' the numbers and words that appear on the labels of the foods and personal care products that you buy...

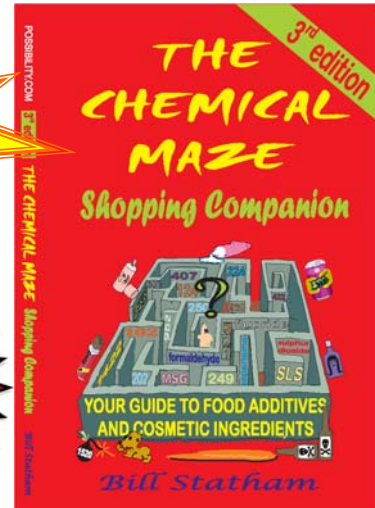

The Chemical Maze "Shopping Companion" Book

What does it do?

- ✓ Helps you to choose safer products for your family
- ✓ Offers useful information on hundreds of additives
- ✓ Has a simple layout that makes it quick and easy to use
- ✓ Fits conveniently into your pocket or bag
- ✓ Provides origins of additives/ingredients including Animal and (GM) Genetically Modified

Over
87,000
copies sold

\$15

How does it work?

This book lists numbers, names, functions, effects and uses of Additives. All additives are given simple and easy to understand smiley ☺ symbols. 100's of additives can be decoded quickly and easily wherever you are.

☺☺	2 happy faces	= safe and/or beneficial
☺	1 happy face	= safe for most people
☺?	1 quizzical face	= cautioned advised
☹	1 sad face	= best avoided
☹☹	2 sad faces	= hazardous

Daniela in Melbourne says...

"I have been a long-time admirer and user of The Chemical Maze and would like to thank you for your wonderful work. If it weren't for your book, our son would have been misdiagnosed with ADHD. Instead, we discovered he simply had over-reactions to some chemicals and additives. Needless to say, we have been endlessly promoting your book to other parents."

How to order
